

Turning Complexity into **Simplicity**

**FOR IMMEDIATE RELEASE**

## **AnyWare Group and HealthCare Information Management, Inc. Form Strategic Partnership**

*Alliance to Deliver Healthcare Solutions across North America*

**SAINT JOHN, New Brunswick – Aug. 13, 2008** – AnyWare Group, a leading provider of Platform-as-a-Service (PaaS) solutions, and HealthCare Information Management, Inc. (HCIM), a leading provider of software solutions and consulting services to enhance claims and authorizations processing operations, have signed a strategic partnership that will further develop their respective customer bases throughout North America.

“This important strategic partnership builds on AnyWare Group’s major North American channel initiative addressing the critical need for proactive health and wellness management,” said Gerry Verner, CEO of AnyWare Group. “By leveraging the core strengths of both companies’ best-in-breed technologies to address the healthcare industry, AnyWare Group and HCIM can discover new ways to deliver value in this evolving and demanding solutions space.”

Headquartered in Walnut Creek, Calif., HCIM delivers technology solutions and consulting services to the managed care/payor industry.

“This affiliate business relationship supports our mission to provide the best advice, products, services, and support to our clients,” said Michael Wilson, President and CEO of HCIM. “I look forward to an enduring strategic relationship with AnyWare Group and welcome the opportunity to deliver their leading edge and cost-effective products to our clients.”

Healthcare organizations throughout North America have leveraged AnyWare Group’s unique ROAM technology and Platform-as-a-Service (PaaS) business model to deliver applications and information to users based on their role – anytime, anywhere. ROAM has been particularly valuable in the healthcare industry, enabling hospitals to extend the reach of their care teams and programs by leveraging the Internet and the ROAM platform.

### **About AnyWare Group**

AnyWare Group, headquartered in Saint John, New Brunswick, Canada, is a market and technology leader in the design and development of Platform-as-a-Service (PaaS) solutions. AnyWare Group’s award winning ROAM platform has revolutionized how organizations launch and deliver business solutions. ROAM enables organizations to deliver new and existing applications such as on-demand solutions reliably, cost effectively and faster than previously

-more-

possible. Using the Internet, ROAM-enabled solutions can be easily and securely shared with anyone in a few simple clicks. For details, visit [www.anywaregroup.com](http://www.anywaregroup.com).

## **About HCIM**

Incorporated in July 2000, HCIM is a privately held corporation that delivers technology solutions and consulting services to the managed care/payor industry. HCIM offers many innovative software solutions that increase productivity by automating and tracking the adjudication of claims, authorizations, grievances, appeals, and provider dispute resolutions. HCIM's Professional Consultants offer payor software application implementation services such as project planning, business rules configuration, conversions, custom software development, report development, operational/workflow assessments, testing, and interface/integration of third party applications. For more information, call 888-454-0202 or visit [www.hcim.com](http://www.hcim.com).
